HINT:
Use
Change My View
here to get a page for ecampus students

The screenshot shows the Oregon State University Libraries homepage. At the top, there is a navigation bar with the OSU logo and the word "Libraries". Below this is a search bar and a "Change My View" dropdown menu. The main content area is titled "Ecampus Library Services" and features a "LibraryFind" search box. There are four main sections: "Quicklinks" with links to "OSU Library Catalog", "Databases", "E-journals", and "Interlibrary Loan"; "Accessing Library Materials" with links to "Borrowing Policies", "Remote Access", "Delivery Services", and "Blackboard"; "Staff Picks" featuring "Award winning books" and "The Terrible Stories (Slow Dancer Poetry)"; and "Featured" with a link to "Land Use Explorer". On the right side, there is a "DISCOVER BEST Of OSU ARCHIVES" banner, a "my widget" section with a chat box, and a "Getting Help" section with contact information for Maureen Kelly.

Annotations include a blue box on the left with a "HINT" pointing to the "Change My View" dropdown menu, and a black arrow pointing from the word "databases" in the main text to the "Databases" link in the "Quicklinks" section.

To search within a single database, click the database name listed below. To select more than one database to search, check the boxes next to the databases and click [Continue](#). [Folder is empty.](#)

- [Health Source: Nursing/Academic Edition](#)
This database provides nearly 550 scholarly full text journals focusing on many medical disciplines. *Health Source: Nursing/Academic Edition* also features abstracts and indexing for nearly 850 journals. This database is updated twice a week.
[Title List](#) [More Information](#)
- [Health Source - Consumer Edition](#)
This database is the richest collection of consumer health information available to libraries worldwide, providing information on many health topics including the medical sciences, food sciences and nutrition, childcare, sports medicine and general health. *Health Source: Consumer Edition* features more than 130 full text, consumer health magazines. This database is updated on a weekly basis.
[Title List](#) [More Information](#)
- [Academic Search Premier](#)
This multi-disciplinary database provides full text for nearly 4,500 journals, including full text for more than 3,600 peer-reviewed titles. PDF backfiles to 1975 or further are available for well over one hundred journals, and searchable cited references are provided for 1,000 titles. *Academic Search Premier* is updated on a daily basis via EBSCOhost.
[Title List](#) [More Information](#)
- [MEDLINE](#)
MEDLINE provides authoritative medical information on medicine, nursing, dentistry, veterinary medicine, the health care system, pre-clinical sciences, and much more. Created by the National Library of Medicine, *MEDLINE* uses MeSH (Medical Subject Headings) indexing with tree, tree hierarchy, subheadings and explosion capabilities to search citations from over 4,800 current biomedical journals.
[More Information](#)
- [CINAHL](#)
CINAHL is the authoritative resource for nursing and allied health professionals, students, educators and researchers. This database provides indexing for 2,857 journals from the fields of nursing and allied health. The database contains more than 1,000,000 records dating back to 1982.

The screenshot shows the EBSCO Research Databases search interface. At the top left is the EBSCO HOST logo. To its right are four buttons: Basic Search, Advanced Search (highlighted in green), Visual Search, and Choose Databases. Below these is a green navigation bar with 'New Search' and three tabs: 'Keyword' (selected), 'Medical Dictionary', and 'Library Holdings'. The main search area contains three rows of search criteria. The first row has 'Find:' followed by a text box containing 'drug therapy', an 'in' dropdown menu with 'Select a Field (optional)', a 'Search' button, and a 'Clear' button with a help icon. The second row starts with an 'and' dropdown, followed by a text box containing 'hypertension OR "high blood pressure"', an 'in' dropdown menu with 'Select a Field (optional)', and a 'Search' button. The third row starts with an 'and' dropdown, followed by an empty text box, an 'in' dropdown menu with 'Select a Field (optional)', and an 'Add Row' link. Below the search rows is an 'in:' dropdown menu with 'Specific Databases' selected and a help icon. At the bottom, a note reads: '(Searching: Health Source: Nursing/Academic Edition, Health Source - Consumer Edition)'
